Good morning Molly,

Please find attached an amended version of one of the many documents we submitted to you pursuant to the five-year review. The original document was created over a year ago and anticipated a \$300,000 grant from the State Coastal Conservancy to fund Ballona Wetlands restoration planning and outreach. That grant, which the Coastal Conservancy then switched to go to the JPA instead, was ultimately cancelled and no money was received either by the Foundation OR the JPA. However, as multiple staff were gathering the numerous documents necessary for the five-year review submittal, we inadvertently overlooked amending this document to remove the \$300,000 grant and adjust the numbers accordingly.

The attached does just that.

Let me know if you have any questions. Feel free to contact me (or Tom) directly.

Thank you,

Marcelo
